I'd like feedback when you have some to share...I want to check my "DONE" box and then move on to another issue.

There is more work to do on MBTA as well.

Jim, I have not received the latest update. We both are very grateful for your time and interest in the process. Thanks so much Jim. I will wait to hear from Gareth.

PS. I also saw the MBTA M-opinion has been temporarily withdrawn, too!

Not sure. Gareth runs my life. I'll copy him to check.

BTW, I'm told that FWS has issued it's permits for the Rover pipeline, with \$5M for "voluntary" mitigation. I saw that FERC issued its opinion. Is your client satisfied that his concerns have been resolved in an acceptable manner?
