DOCUMENT DESCRIPTION: Request for Air Sampling - Ontario

Ontario Ministry of Labour

Request for Air Sampling

Company: Crane Packing

Date: March 4/1982

Address: 423 Green Rd Stoney Creek

Contact: Mr A. Giacomelli

Phone No.:

Type(s) of Operation: ① Manufacture of packings
② liquid gasket compound

20982CA0B

Hazard(s)
① - Asbestos (Crocidolite)

② - n-Butyl Alcohol
- lead

Mike,
conduct sampling for butyl alcohol and lead first, then do asbestos at a later date.
DF.

Type of Sampling
Personal & Area Samples

Remarks
① Sampling for crocidolite asbestos should be arranged with company since the blue felt is only used ≈4hrs/wk. Bulk sample should also be submitted for analysis for confirmation of type of asbestos.

Locations ① Sample all employees handling the blue felt (approx 2 emp. ie cutting operation, press operations and packing). Area samples also.
② Mixing operator + other employees (1-2) near mixers + area samples.
