Lt. Colonel Donald S. Myers, MC
Preventive Medicine Officer
(TACPM)
Headquarters
United States Army, Alaska
APO 949
Seattle, Washington

Dear Colonel Myers:

I have taken the liberty of answering your recent letter to Lt. Robert J. Kehoe. Due to his close association over many years with the particular problem you are concerned about, he is by far the best person to call upon for help. I know he can get the necessary materials and information to you without great difficulty.

Sincerely yours,

John J. Phair, M.D.
