a) Date.

b) Title and identification number.

c) Name of person who prepared it.

d) Name of person who authorized its use.

e) Present location and custodian of the document.

Ans. **N/A**

20. If you performed any acts which altered the asbestos products between the time they came into your possession and the time they were delivered to any other company, describe:

a) The form the asbestos products were in when they first came into your possession.

b) What alteration you made to the asbestos products and in what years the alterations were made.

c) The reason for the alteration made by you before you shipped the asbestos product to any other company.

Ans. Goodyear follows document retention policies which provide for the periodic and routine destruction of documents. Consequently, it has been unable to locate any documents which would enable it to answer this Interrogatory, but it will supplement this response in the event such documents should be found.

21. Did you receive or give any warnings, instructions, or information as to the dangers of asbestos inhalation when you purchased, sold, shipped and/or delivered each order of asbestos products to or from any other company? If so, for each shipment, state:

a) Describe in detail each such warning, instruction or information given or received.

b) State whether such warning, instruction or information was oral or written.
