Dear Dr. Kehoe:

Many thanks for your letter of September 20, 1971. I've just returned to my office after an absence of several weeks.

I appreciate the serious thought you gave to the problem of hazards in general as well as those due to lead specifically. In the petition I have attempted to use a similar line of reasoning.

I have not yet had a chance to review the recent report on lead in the environment but I hope to soon.

It was a pleasure to meet with you. Should you and Mrs. Kehoe plan on visiting Washington again just remember the David J. Miller Tourist and Ticket Agency is open for business.

Sincerely yours,

David J. Miller
