INDUSTRIAL HYGIENE FOUNDATION OF AMERICA, INC.

4400 FIFTH AVENUE

PITTSBURGH, PA.
January 21, 1944.

Mr. S. Simpson, President,
Raybestos-Manhattan, Inc.
Bostwick and Railroad Aves.,
Bridgeport, Conn.

Dear Mr. Simpson:

Your check for $200 has been received covering Raybestos-Manhattan Company's membership dues in Industrial Hygiene Foundation for 1944. The Foundation is indeed glad to have the participation of your company in this non-profit, cooperative association of private industries for the maintenance of healthful working conditions.

Thirty-two more companies joined the Foundation last year, bringing the total membership to 255; meanwhile, some 60 governmental agencies subscribed to the publications. The year saw industrial hygiene become an increasingly important force in maintaining good labor relations.

We urge you to make the fullest possible use of the Foundation's facilities in the year ahead. Help us to help you maintain manpower.

Very truly yours,

John F. McMahon
Managing Director

JFM:D

P.S. Your company's 1944 membership certificate is being sent separately. The Foundation will issue as many additional certificates as you desire.
