Mr. Warren A. Cook  
Division of Industrial Hygiene  
and Engineering Research  
Zurich General Accident & Liab. Ins. Co.  
135 South LaSalle Street  
Chicago 3, Illinois

Dear Warren:

The mimeographed copies of the program of the AIHA mentioned in your letter of April 1, 1946, were received yesterday and were sent out the same day. Five extra copies are being sent to the other members of the Program Committee this morning.

Regarding the last paragraph of your letter in connection with the cost of mimeographing abstracts of the papers, I feel certain this will be borne by the AIHA, but I believe should be voted upon by the Executive Committee. This can be handled very conveniently at the Board of Directors meeting in Chicago next week, and I am noting it accordingly.

Referring now to the third paragraph of your letter of April 2, 1946, to Mr. Patty in connection with a transcription of the proceedings of the AIHA business meeting, I wish to advise that I believe these should be recorded by a stenotypist and paid for by the AIHA.

Very truly yours,

*A. D. B.*

Allen D. Brandt, Sc. D.  
Secretary
