Hi Carlyle,

I am back from vacation and in the office Wednesday morning and would be delighted to hear from you and/or the Speaker.

I am copying Michelle, who manages my schedule.

Thanks,

Scott

Good afternoon Scott -

Navajo Nation Speaker LoRenzo Bates would like to know if you both might be available for a brief conference call this week to give you an update on Legislation No. 0194-17, which seeks the Navajo Nation Council's approval of an agreement between the Navajo Nation and the owners of the Navajo Generating Station to extend the operations of the power plant until December 2019.

The Council have been working through the complex concerns and issues that have been brought forth and that will be part of the discussions as the legislation moves through the Standing Committees and the full Council.

He would like to brief you on the upcoming timeline and process so you are aware of the many moving pieces that need to be considered and factored into.

Thank you, Carlyle Begay

Thank you Scott for your reply.

I talked with Navajo Nation Speaker Bates today and he very much supported hosting the next meeting in June on the Navajo Nation.

He recommended coordinating directly with Anthony Peterman, Navajo Nation Council Energy Policy Advisor.

He should be on your stakeholder list but just in case his contact information is as follows:

Good evening, Carlyle,

We appreciate your kind offer but had recently accepted an invitation

from the Gila River Indian Community to take advantage of their

facility for the May 16 meeting.

We hope to have a signing ceremony on the lease renewal in June.

Perhaps that could take place at a Navajo Nation facility!

Thanks,

Scott

Michelle,
Can you please confirm a time Thursday morning that works for David and me.

Thanks,
Scott

Scott -

We look forward to the call, would Thursday morning be available for a call?

The call will only include myself and Speaker Bates.

Thank you, Carlyle
