

August 16, 1973

TO: All Safety Contacts

RE: Index of Pfizer Occupational Safety and
Health Reports (POSHRs)

Attached is an index of all POSHRs which have been published. Those POSHRs not distributed to all safety contacts have been astericked. An asterick indicates that the POSHR was directed to only those with the need to know.

In the future POSHRs not directed to all safety contacts will be assigned a letter, rather than a number. For example, a POSHR was published on August 15, 1973 regarding North Carolina's OSH Plan and had been selectively distributed only to Pfizer's safety contacts in North Carolina. This POSHR was assigned the letter "A" and will be indexed alphabetically. If the next selectively distributed POSHR concerned safety contacts only in the Distribution Centers, it would be assigned the letter "B" and so on.

For POSHRs directed to all safety contacts we will continue to assign a sequential number.

If there are any questions regarding the index or the selective distribution system for certain POSHRs, please call Corporate Safety.

CORPORATE SAFETY DEPARTMENT

TABLE OF CONTENTS

<u>VOLUME NUMBER</u>	<u>SUBJECT</u>
0	Description of Occupational Safety and Health Act of 1970 including copy of the Act.
1	Review of Act through May 7, 1971 including OSHA Organization Chart and outline for adoption and enforcement of standards.
2	Superseded by Volume 13
3	Superseded by Special Edition 6A
4	Review of OSHA standards including copy of 29CFR Part 1910 (May 29, 1971)
* 4A	Special New Jersey edition on state agreement (OSHA Section 18)
5	OSHA Standards - essentials of insuring compliance and what to do if a Compliance Officer (Inspector) visits.
* 5A	Special New Jersey edition on predominant health and safety violations within the state.
6 (Rev)	Uniform recording system for occupational injuries and illnesses.
6A	Special edition on posting and record keeping requirements including OSHA forms.
7	OSHA standards including recommendations on establishing management steering committee and copy of Safety and Health Standards for Construction 29CFR Part 1510 (April 17, 1971)
8	Activities within HEW through July 27, 1971
* 8A	Special New Jersey edition on state enforcement activities
* 8B	Special California edition on state program
8C	Special edition on use of Workmen's Compensation form in lieu of OSHA Form 101
9	OSHA enforcement activities through August 13, 1971 including significant penalties proposed and directions on what to do if a Compliance Officer (Inspector) visits.
* 9A	Special Connecticut edition on the state program
* 9B	Special New York edition on the state program
* 9C	Special Wisconsin edition on the state program

- 10 Department of Health, Education and Welfare List of Toxic Substances
- 11 Change in the effective dates of OSHA Standards (29CFR Part 1910) with miscellaneous amendments included
- * 11A Special Georgia edition on the state program
- 12 Material Safety Data sheet with sample form and instructions for filling out
- 13 Inspections, Citations and Proposed Penalties including a copy of 29CFR Part 1903 (September 4, 1971)
- * 13A Special N. Carolina edition on the state program
- * 13B Special Massachusetts edition on the state program
- 14 Position Statement on Relations with Occupational Safety and Health Administration
- 15 Occupational Noise Standards
- * 15A Recordkeeping for New York State
- 16 OSHA Compliance Steering Committee
- 17 Review of OSHA Recordkeeping Requirements
- 17A Annual Summary of Occupational Injuries and Illnesses
- 18 Safety and Health Inspections, Violations, Citations and Penalties
- 19 Safety and Health Regulations for Construction
- 20 OSHA Publishes Emergency Temporary Standard for Asbestos Now Effective
- 21 NIOSH - OSHA's Giant Partner
- 22 OSHA vs. Practice of Medicine
- 23 Compliance Operations Manual January 1972 (OSHA 2006)
- * 24 New Jersey Adopts Rules on TLV's, Gases, Claims-Conformance with OSHA
- * 25 OSHA Estimates Timetable for Changes in Safety and Health Standards 1971 TLV to be adopted
- 26 Employers/Employees May Request Toxicity Evaluations
- 27 OSHA Approval Granted for Various Courses for First Aid Requirements
- 28 Directory of Federal Personnel
- 29 Clarification of Policy on "Grounding of Office Type Equipment Such as Typewriters, Desk Lamps, Adding Machines, Clocks, Coffee Pots"
- 30 OSHA Enforcements, Rulings and Decisions
- 31 OSHA Directives

- 32 Final Asbestos Standard Issued
- 33 NIOSH will assume responsibility for Mines Bureau Respirator Testing and other personal protective equipment
- 34 OSHA Program Directive 200-4 Covers Citations for Air Contaminant Violation
- 35 OSHA Directives and Enforcements
- 36 NIOSH Issues Heat Stress Criteria
- 37 Revisions of OSHA Sanitation 1910.141 Standard Proposed
- 38 NIOSH Criteria Document Recommends 85 dBA Noise Limit
- 39 NIOSH Standard: Worker Exposure to Carbon Monoxide 35 ppm
- * 40 Federal Standards will be adopted under Montana 23(a) Grant Agreement
- 41 Safety and Health Standards Revisions and Proposed Timetable
- * 42 Legislative Package for State Plan Development Signed by Governor July 1
- * 43 Massachusetts to Develop State Plan under Amendment to 23(a) Grant Project
- 44 Clarification of Policy on "Grounding of Office Type Equipment such as Typewriters, desk lamps, adding machines, clocks, coffee pots"
- * 45 Proposed New Jersey Law Included in Developmental Safety-Health Plan
- * 46 Proposed State Safety-Health Act Included in Montana Proposed State Plan
- * 47 Washington Industrial Safety Act Draft included in Proposed State Plan
- 48 Fiscal Year '72 Compliance Figures Released by OSHA
- 49 OSHA Form 1 and 18, Violations and Publications
- 50 Training Guidelines for the Occupational Safety and Health Act of 1970
- 51 Directive 100-10 - Clarification of Splices and Taps, NIOSH Regarding Conducting Hazard Evaluation, Standard Revision Permitting One Gallon Containers, OSHRC Ruling - Failure to Conduct Oxygen Tests.
- 52 Issuance of Updated Occupational Safety and Health Standards - Part 1910
- 53 OSHA Program Directive No. 100-11
- 54 Requirements for OSHA Recordkeeping
- 55 Criteria for Cotton Dust, Silica Delayed; Ultraviolet, Lead Due Soon; Safety Walkouts and OSHA Conducts Economic Impact Studies into Effects of Standards
- * 56 Montana - OSHA Issues Regulations Describing Approved State Plans for Safety - Health

- * 57 North Carolina - Federal Standards Will Be Adopted Under Proposed North Carolina Plan
- * 58 Coal Tar Pitch Volatiles - New Regulation has Broad Potential Application
- 59 Use of Asbestos Products
- * 60 OSHA Pertinent Excerpts for the Occupational Health Nurse
- * 61 Illinois - Law Creates Standards, Inspections Advisory Committees Under State Plan
- * 62 California State Plan
- 63 Administration Program Directives
- 64 Enforcements
- * 65 Ten (10) Carcinogens -- Possible Research and Analytical Chemicals - Target of Proposed OSHA Emergency Standard
- 66 OSHA Adopts Revised Sanitation Standards for Water Supply, Lavatory Facilities
- * 67 Pesticide Standard Sets Reentry Intervals
- 68 New Assistant Secretary of Labor; OSHA Revokes Safety Standard Requiring Retiring Rooms for Women; Directives 100-24 and 100-22; OSHA Directive Specifies Employers Must Offer Asbestos Rule Examinations; OSHA Directs Inspectors to Use Only NIOSH Certified Detector Tubes; OSHA Subscription Service Distribution Dates.
- 69 Ground-Fault Circuit Protection Required; OSHRC Judge Affirms Citation, Lowers Penalty for Carbon Monoxide Violation; OSHRC Affirms Judge's Ruling; Failure to "Lock Out" System Violated 5(a)(1); Robbins Tells Bar Group 95 Percent of Citations Involve only 29 Rules; OSHRC Affirms Vacation of Citation; Workers Did Not Follow Company Orders; OSHA Policy on Discrimination Clarified; Heat Stress Criteria Questioned and OSHA Program Directive No. 100-23.
- 70 OSHA Emphasis is on Health Standards Although Work on Revisions Continues; NIOSH Lists Criteria Development Plans for 21 Substances During 1974.
- 71 NIOSH Adopts Rules for Approval for Gas Level Detection Instruments
- * 72 Enabling Legislation Passed, Ratified for North Carolina Safety-Health Plan
- * 73 Texas Plan Adopts Most Federal Job Safety and Health Standards
- * 74 Federal Standards, Some State Rules will be Adopted under Wisconsin Plan
- 75 New Explanations of Willful-Repeated Violations Highlight Revised OSHA Manual
- 76 OSHA Proposes Revision of Machine Rules, No Action on Die Rule Petition

- * 77 The Fourteen Carcinogens - New OSHA Standard
- * 78 New York Receives OSHA Approval for Enforcement of Job Safety-Health
- 79 Standards - OSHA Standards Notices Provide Update on Current Standards; Enforcement - Metal Pouring Platforms and Circuit Protection
- 80 Standards - OSHA Revokes Indoor Storage Rules, Amends Gantry Crane, Truck Standards
- * 81 ACGIH Proposes and Adopts Important Changes in Physical Agents and Threshold Limit Values at May Meeting
- * 82 NIOSH To Recommend 0.005 PPM Limit for TDI, 0.05 Level for Chromic Acid
- * 83 OSHA Publishes Proposed Permanent Standard on Carcinogens: Adds Permit Amendment: Sets Dates for Public Comments
- 84 OSHA Will Require All Exit Signs Have External Illumination in Revision-Self-Luminous Exit Signs Acceptable; OSHAHC Rules Mechanical Ventilation is Not "Absolute" Welding Requirement; Metals, Chemicals, Solvents
- * 85 OSHA Amends Emergency Pesticides Standards for Agricultural Workers
- * 86 OSHA Revised Carcinogen Temporary Emergency Standard Favoring More Practical Processing
