Gentlemen:

Please forward information regarding the precautions to be observed in the handling of material that we are purchasing from you.

1. "Pydraul A-200" contains none of the materials listed in the current "Table of Threshold Limit Values" as compiled by the American Conference of Governmental Industrial Hygienists, and the following precautions are to be observed.

2. "Pydraul A-200" contains the following materials listed in the current "Table of Threshold Limit Values" as compiled by the American Conference of Governmental Industrial Hygienists and the following precautions are to be observed.

We are enclosing a copy of the October, 1958, issue of "Industrial Hygiene Digest".

Very truly yours,

W. G. Arnholt
