SUBJECT Strictly Pure White Lead

ANSWERING LETTER OF

4/27

DICTATED BY RAB

R. A. Bradley
MAY 2 1944

I have your letter of April 27th on labels for white lead paste. This change was made before the writer came back on the job.

In general, I think it would be a very good thing to have an understanding that all notifications for such changes, should come out of your office, we to keep you informed. If you do not think so and think that we should always do the job of notifying the people effected ~~by~~ necessary label changes, please let us know.

We make soft paste for Lawrence and as far as I know, they have not been notified. We make soft paste for Lucas and have a stencil which doesn't say very much of anything which we use for them. I enclose a copy of their stencil which we use on their kegs.
