**Subject:** You're Invited to API's State of American Energy 2019

The American Petroleum Institute invites you to  
**The 2019 State of American Energy luncheon – celebrating Generation Energy**

We are in the midst of Generation Energy. More natural gas and oil is produced in the United States than any other country in the world. At the same time, U.S. carbon dioxide emissions are at their lowest levels in a generation, largely because of the growing role played by clean natural gas. Our industry is an economic engine, supporting 10.3 million jobs – to produce, deliver and refine natural gas and oil – as well as jobs associated with energy development and the personal spending of our workers.

Guided by smart policies and regulations that unleash innovation and progress, natural gas and oil are playing a powerful role in America's economic progress and will for generations to come.

Join me and industry leaders from coast to coast at the 2019 State of American Energy luncheon.

Sincerely,

MIKE SOMMERS  
President and CEO, API

**RSVP**

**BY DECEMBER 31<sup>st</sup>**

This invitation is non-transferable.

**WHEN**

TUESDAY, JANUARY 8, 2019  
11:30 A.M.– 1:30 P.M.
