Subject: Answer the questions...that's your job

To Liz Bowman:

Here is a quote from you in the New York Times.

“No matter how much information we give you, you would never write a fair piece,” Liz Bowman, a spokeswoman for the E.P.A., said in an email. “The only thing inappropriate and biased is your continued fixation on writing elitist clickbait trying to attack qualified professionals committed to serving their country.”

You are the spokesperson for the EPA, a government agency, paid for with tax dollars. That includes your salary. Your job is to respond to public inquiries about your department, including press inquiries. Obfuscate, deny, or lie. But at least answer the questions. What are you afraid of? The truth?

Shame on you.

Sincerely,

An American Taxpayer
