Re: Compliance Evaluation Inspection Report
NPDES Permit No. FL0020427
Neptune Beach Wastewater Treatment Facility

Dear Jim French:

The U.S. Environmental Protection Agency Region 4 and the Florida Department of Environmental Protection conducted a Compliance Evaluation Inspection on the Neptune Beach Wastewater Treatment Facility on December 8, 2022. The objective of the inspection was to assess the City's compliance with the Clean Water Act and the National Pollutant Discharge Elimination System permit, and to evaluate the general condition of the facility. The inspection results have been summarized in the enclosed Compliance Evaluation Inspection Report.

The EPA appreciates the City's cooperation and courtesy. If you have specific questions about the inspection report, please contact Dennis Sayre at (404) 562-9756. Please verify receipt of this letter and report by email at the Sayre.Dennis@epa.gov.

Sincerely,
