FYI

Kerry also suggested having Andrea spend half or whole day at USGS next week. With ELT taking place maybe there would be opportunity for her to participate in part of that or meet leadership along with any other tours/briefings etc. We should also set up a USGS 101 for her.

Thanks.

Thanks Bill - yes, we will brief on all 3. Walter would take North Slope and Larry and I would do Critical Minerals (PP1802) and 3 DEEP.

Sorry for the delay. Yes let's use that time slot.

I am assuming we will brief on all 3 topics and include Murray/Larry/Walter. If we need to break out topics, let me know!

Thanks.
