Subject: Confirm authenticity of CAFE draft published by NYTimes?

Hi EPA and NHTSA press teams,

The New York Times published what appears to be a legitimate draft of the auto emissions/CAFE proposal. Here is the link: <https://int.nyt.com/data/documenthelper/112-trump-car-pollution-plan/fa05998eb045861847af/optimized/full.pdf#page=1>

Can you confirm the authenticity of this document, in the sense that it is an authentic draft of the upcoming NPRM?

Thanks

Ryan
