American Brakeblock Div Abex
PO Box 37
Winchester, Virginia 22601

Attn: P. Grim

Subject: Brake Linings

Phil:

This is to confirm my phone conversation of January 27, 1982 with Mr. B. Francis. Please cancel all open Square D Company orders for Brake Linings. I can not retain the open quantities in our system, as the system then expects to receive the material.

I regret having to cancel these orders, but feel I must until an acceptable material has been produced by Abex. I would like to see you continue your research and produce a non-asbestos lining for Square D. I believe that you were a valued supplier in the past and you will be again in the future. The Square D Company will continue to work with you and test the material samples you supply.

Very truly yours,

SQUARE D COMPANY
