Dr. R. A. Kehoe
Kettering Laboratory
University of Cincinnati, College of Medicine
Eden Avenue
Cincinnati 19, Ohio

Dear Dr. Kehoe:

We are trying to obtain some information on normal levels of lead in rabbit blood, urine, liver, kidney, brain and bone. If you have had a chance to develop any data along these lines, and could make them available to us, we would certainly appreciate it.

Also, we would be very much interested in your thoughts on what constitutes a reasonable eight-hour maximum allowable concentration of TEL in air.

Very truly yours,

A handwritten signature in cursive script, appearing to read "R E Eckardt".

R. E. ECKARDT, M. D.,
Director
