Mr. Warren P. Bolden,
San Francisco, Cal.

My dear Warren:-

I am sending you by registered mail two samples of fountain pencil pens. We have been using these pens in the office here for a number of months past and have found them invaluable. They have very largely displaced pencils with us and we can recommend them very highly indeed.

I think I have two or three of the regular fountain pens but never use them as I much prefer this little pencil pen. I thought perhaps you could use them to advantage as an advertisement. Do not think anybody has taken up this idea as yet.

In gross lots I can buy them at list price of $1.00 each less 40 and 5% for the Red and 40-5 & 5% for the Black. A die for branding on say "Pure Prepared Paint", or any other "ad" would be $5.00. Branding would of course be done free of charge.

If not interested, will you kindly return the pens
