Dear Ralph:

I am indeed sorry that the restructuring of business by Tenneco will all but remove you from the chemical industry and has necessitated your resignation from our CMA Board. It has certainly been a pleasure to work with you over the years and your counsel and support have been valued by me and I know your peers in industry. I hope that there is some reason for Tenneco to retain its membership in CMA, but if not, please don't hesitate to call me if I can ever be of assistance to you or your associates.

Thanks again for your help and support, and with warmest personal regards.

Sincerely,

CHEMICAL MANUFACTURERS
ASSOCIATION, INC.

Mr. George J. Sella, Jr.
Chairman of the Board
Chemical Manufacturers Association
% American Cyanamid Company
One Cyanamid Plaza
Wayne, NJ 07470

Dear George:

Effective immediately, I am tendering my resignation as a member of the Board of Directors of the Chemical Manufacturers Association. As you are probably aware, we have just completed the sale of our polyvinyl chloride business to Occidental Chemical. This essentially removes us from the manufacturing of chemicals.

I have certainly enjoyed and benefitted from my years of association with you and other members of the Board and, most certainly, with Bob Roland and members of the CMA Staff. I wish all of you the very best.

Very truly yours,

kr
