#1363411.2

Last month, the Foundation hosted a Member Fall Weekend in Utah. Our field tours included day trips to Arches National Park and Dead Horse Point State Park in Moab, Utah, to examine firsthand the importance of local, state, and federal level management of public lands, land grants and land trusts, and the federal relationship that oversees these issues across the West.

Our Congressional Members also attended an intimate breakfast with Governor Gary Herbert, followed by aerial tours of key sights and lands in Utah.
