What a Big Part Valspar plays in "Sprucing Up" the Home!

Doors and floors, tables and porch chairs—
now fine they look after a fresh coat of Valspar
Varnish!
If a thing is worth varnishing, it's worth
Valsparing.

Because Valspar—indoors or out—protects
and preserves your woodwork. It won't turn
white from exposure to water or weather. It
dries dust-free in two hours and hard over
night. Anyone can apply it.
Valspar is the varnish you need for your
annual clean up.

Fall is the Time to Varnish
