RULE 66 STATUS OF DC-801 AND DC-803

The letter from D. B. Helms to you dated 3/13/72 does not provide adequate documentation for the status of DC-801 and DC-803 under Rule 66. Whether or not the materials are considered "crosslinking" under the Rule 66 will have to be determined between Dow-Corning and any Pollution Control Agency that asks for the information.
