FROM: W. R. Wright

SUBJ: Personnel X-Rays

cc: Peter Kostic

It has come to my attention that some of our plant superintendents are becoming lax in keeping up with our employee x-ray program.

All new employees are to have chest x-rays at the time of hire. All others are to have x-rays every 12 months. Copies of reports of these examinations are to be sent to:

- 1) Baltimore office of Maryland Casualty.
- 2) Peter Kostic - Cambridge.

Please take necessary action to see this policy is complied with.

Also, some of you are slow in initiating the dust sampling program. Let's get going!

W. R. Wright
