

DUTCH BOY SPRA-SWIFT ENAMEL

For faster, easier application especially where painting is difficult — on decorative metalwork, bric-a-brac, sports equipment, wickerwork, wire mesh — use Dutch Boy Spra-Swift Enamel. Packed in the new *Fanspray*® aerosol can, you spray faster, get a smoother, more even coat, and cover more surface per can. And it dries in only 15 minutes. Save time, get a smooth professional high gloss finish every time. It is the perfect mate to our Dry Swift line and comes in the same decorator colors.

Save time, get a smooth professional finish every time. Use new Dutch Boy Spra-Swift.

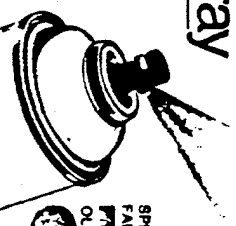

DRY SWIFT ENAMEL

A durable, high-gloss enamel, Dutch Boy Dry Swift can be used on either exterior or interior . . . to brighten furniture, cabinets, appliances and tools. Gives a hard porcelain-like finish to outdoor tables, benches and lawn furniture. Non-toxic . . . makes it ideal for toys, cribs and anything used by children. It goes on smoothly, dries quickly — without brushmarks . . . will cover most surfaces in one coat. Everything from woodwork and metal to marine usage will look better and last longer when painted with Dutch Boy Dry Swift Enamel. Choose from wide range of fade resistant colors.
