Dear Jerry: .

I would like very much to obtain from you, if I can, an additional number (whatever you can spare) of copies of the reprinted chapter on Lead Poisoning in Patty's textbook. I have sent quite a number of these to physicians, both in and out of the United States, and all of my copies are gone. I've been greatly pleased to be able to disseminate this to doctors in industry, but I have no wish to impose on you or on Lead Industries Association .

I'm back at work now, and expect to continue on a somewhat reduced schedule.

Sincerely yours,

Robert A. Kehoe, M.D.

Occupational Medicine
