SUBJECT: GUIDE - TYPE METAL USE -
NPA ORDER M-38-LEAD

To Members of the Lead Industries Association
Producing Type Metal;

We have received a letter from the National Production Authority, Washington, D. C., as per copy attached, which offers a guide to the provisions of Order M-38 on Lead as it applies to printers and publishers.

We have also been asked verbally by the N.P.A. to encourage users of type metal to approach them directly with any specific problems which do not seem to be covered by Order M-38 on Lead or this guide.

We hope this information will prove helpful.

Very truly yours,

John L. Ziegler
Secretary
