Elizabeth;

Upcoming meetings:

Feb 20-21: DC: Shanghai Health Study consortium meeting - planning for bringing the study to a successful closure

Feb 27-28: DC: Benzene VCCEP Risk Assessment

May 9-10 Woodlands - Benzene VCCEP - Prep for TERA presentations

May 15-19 Shell Mexico HSE MS audit

June 13-16 Cincinnati/Northern Kentucky: Benzene VCCEP TERA Review

For the trip to Cincinnati, I would like to take JR with me. He was stationed at Wright Patterson Air Force Base in Ohio, where he learned to play golf. He would like to go back there and play the course again. We would like to stay the weekend and go to Akron, home of the Firestone Country Club, for guess- what - GOLF. We will, of course, keep expenses very clearly separated. The only difference for me would be flying home on Sunday instead of Friday evening after the TERA review
