Dr. F. C. Meyer
Monsanto Company
800 N. Lindbergh Boulevard
St. Louis, Missouri 63166

Dear Frank:

Further to our telephone conversations this week, enclosed herewith are xerox copies of the entire contents of our Monsanto file, in connection with the MCA vinyl chloride workers mortality study. I am sorry that our xerox machine has started to play up and make some dirty streaks on the copies, but I thought it was better to get this off to you today.

Please give my best regards to George Roush and Kurt Elmer.

Yours sincerely,

H. M. D. Utidjian, M.D.
Vice President and Director of Health
Sciences
