Dear Mr. Carnes:

Please accept our apologies for not submitting the MCA Member Organization Information forms you forwarded to Mr. Roderick on October 25th. This unfortunately became side-tracked due to recent organization changes but will be submitted to you shortly.

We also received a letter recently from Mr. John O. Logan expressing concern over our failure to respond to the survey on control of air and water pollution. At his suggestion, and by copy of this letter, we are asking George Best of the MCA Staff in Washington for additional copies of the report forms. Again, we apologize for this lack of attention and will do our best to have something back to you soon after the forms arrive.

Since Mr. Roderick is no longer associated with our Company, it would be appreciated if you would forward future correspondence to the writer at Two Rector Street, New York, New York 10006, Room #1836.

Sincerely yours,

J. A. Marohn
