Harrison's
Pure White Lead
Ground in Pure Linseed Oil

Du Pont Harrison's White Lead is a favorite with the master painter. It is a strictly pure article, ground in pure linseed oil. It is extremely white in color, finely ground, breaks up easily, absorbs more oil, and has exceptional covering qualities.

HARRISON BRAND
OIL COLORS

*The standard for purity, tone, uniformity,
strength and fineness. Their quality is often imitated,
but seldom duplicated.*
