Victor Divisions

December 28, 1967

D. Reda

The Victopac branding equipment will be relocated at Plant 4. Effective January 1, Victopac material transferred from Plant 1 to Plant 4 must be transferred at a standard cost value which does not include branding. Effective January 1, we will charge a warehouse and handling fee for all Plant 1 materials shipped to us to be branded and returned to Plant 1 inventory.

We should plan to discuss these charges and reach a mutual agreement regarding them prior to the January closing.
