R. W. Landrie

TO: Members of the Vinyl Chloride Safety Association

The meeting of the Vinyl Chloride Safety Association in Toronto Canada was a success. The group wishes to thank all participants for making the meeting such a worthwhile experience.

Attached is a list of attendees at the 1982 meeting. It is interesting to note that twenty-seven companies were represented; fifteen of which were outside the United States.

Work has already started on our 1983 meeting in New Orleans. You will be kept informed of our progress.

Sincerely,

H. G. Olson, Secretary
Vinyl Chloride Safety Association
