SUBJECT: EPA Regulations on Asbestos Insulation Removal

REFERENCE:

TO: [redacted] C. Peeler

1500 Cu yds

1500 Cu yds

The General Maintenance Department needs a blanket permit for asbestos insulation removal at our Chocolate Bayou Plant.

It is estimated that approximately [redacted] linear feet of pipe insulation and 10,000 square feet of asbestos insulation is removed from vessels and equipment yearly.

1 100 Cu ft = 1 Cu yd

The removal would be done by in-plant, out of plant contractors, and Monsanto personnel.

Thank you,

Byron/sf

F. B. Burns

FBB/sf

Need #'s in cubic yards

Lee 1500 l.ft. = 350 Cu yds

10,000 sf = 138 " "

488 Cu yds ÷ 12 = 40 Cu yds Monthly
