Dear Mr. Brown:

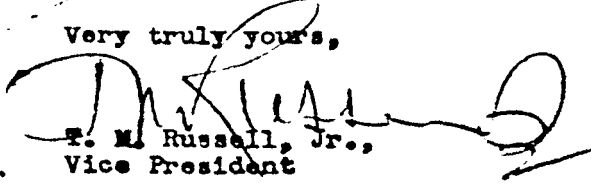

Thank you very much for your letter of
November 3rd giving me the original basis on which
the Saranac Laboratory experiments were carried out.

I had hoped to be personally present at the
meeting on Thursday, but find it impossible to be
there and we will, therefore, not be represented.

I will be interested to hear from you regard-
ing the determination made at the meeting concerning
the publication of the report.

I am returning this report No. 3 to your attention
under separate cover.

Very truly yours,
