Dear CCIM PFAS WG members,

Many thanks for once again interesting discussions during the meeting yesterday.

In the annex you can find the draft PV, as well as the PowerPoint presentation on the PFHxA restriction proposal.

We would like to highlight the following points:

- As mentioned during the meeting we highly recommend you to have a look at the newly published Q&A document on the uPFAS restriction, it explains some main questions that have been identified on the dossier:
https://echa.europa.eu/documents/10162/2156610/230405_upfas_webinar_qa_ds_en.pdf/3f47fdcc-17c5-4b37-b758-720bb7e462f3?t=1687893645025
- For further planning of the uPFAS restriction we will send the draft comment to you as soon as possible, we invite you to provide some feedback and send in any new data/info/studies etc. that might be relevant to include
- We will be planning a next CCIM meeting in September to have some final discussion on the BE input into the consultation, we will send out a survey to identify a date

Don't hesitate to contact us for any further questions or clarifications.

Kind regards,

[REDACTED]

Where: Microsoft Teams Meeting

Dear colleagues,

For the CCIM PFAS WG meeting of this Wednesday we would like to propose the following agenda points:

- Tour de Table – to share information on new info/date and ongoing PFAS projects
- PFHxA restriction proposal – information note
- Universal PFAS restriction – discussion on a second BE input into the Public Consultation
- AOB

Please don't hesitate to send me additional agenda points you would like to see added on the agenda.

See you Wednesday!

Kind regards,

Dear CCIM PFAS WG members,

According to the poll the 28th of June is the most appropriate date to organize the next CCIM PFAS WG meeting. The main goal of this meeting will be the development of a second BE comment into the Public Consultation of the UPFAS restriction. A more detailed agenda will follow in a few weeks.

Kind regards,
