August 15, 1988

Vista Chemical Co.
Regulatory Affairs
P.O. Box 19029
Houston, TX 77224

The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) mandates that products containing any detectable amount of a substance listed by the Governor of California as "known to the state to cause cancer or reproductive toxicity" must bear "clear and reasonable warning" of such.

In order to fully comply with this California requirement, please advise us if any substance listed under Proposition 65 is present in any detectable amount in the following products supplied to Speer Products, Inc. for Zoecon Corporation products.

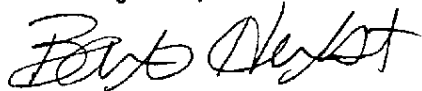

LPA

Enclosed is the July 1, 1988 Proposition 65 list of substances for your reference.

The Governor of California is required to revise and republish this list at least once per year. As revisions occur, we trust you will notify Zoecon if products purchased from you become subject to this law.

Your response is requested by September 15, 1988.

Best regards,

Barb Herbst
Regulatory Technical Support Specialist

Dear Naomi:

This letter is to certify that based on currently available data,
Vista Alfol 6 Alcohol contains no detectable quantities of
Proposition 65 listed chemicals.

Sincerely,

Thomas G. Grumbles, C.I.H.
Environmental Quality Manager
