Thanks Travis, and to be perfectly candid, if he can't do it, we'd love to have you. But this is a really good one for him to address the pesticide industry on efficiency and getting registrations out. I can give you a total run down of what the group would like to hear.

We also asked for Mr. Zeldin at our Board Meeting which is with the CEOs nationally on March 19 from 9-930. Let me know if asking for two is too much. I think we should decide which audience is better for him vs. you.

You don't often get email from voyles.travis@epa.gov. [Learn why this is important](#)

Thanks for this Alex! I know they have added it to the list for consideration. Let me know if I can help.

Subject: Invitation to Administrator Zeldin to Deliver Keynote Address at CropLife America and RISE Board Meetings, Arlington, VA, 9 am, March 19, 2025

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Dear Mr. Amidon and Mr. Carpenter,

On behalf of CropLife America and RISE, the nation's associations for agricultural and specialty pesticides respectively, we are pleased to invite the Administrator to deliver the Keynote Address at our Winter Joint Boards Meeting in Arlington, VA at 9 am on March 19, 2025 at the Westin. More details are in the attached letter regarding this opportunity to address over 40 CEOs of leading American companies. While we are certain that the Administrator is receiving many requests to speak at this time, we hope he is able to accept. As the letter notes, if he is not able to accommodate us, we would be happy to receive a surrogate from his office.

Please contact me if you have any questions about this invitation!

Regards,
