Environmental Health Department

January 9, 1973

To: All Members of the Lead Industries AssociationFrom: Jerome F. Cole, Director, Environmental HealthSubject: Kettering Abstracts on Lead

Gentlemen:

Since 1965, Lead Industries Association has been printing and distributing the Kettering Abstracts on Lead. These Abstracts are the only comprehensive review of the environmental, toxicological, and physiological scientific articles appearing in the world's literature.

Beginning in 1971, LIA instituted a charge of \$25.00 for a one-year subscription to the Kettering Abstracts in order to make the publication self supporting. Although many of the member companies receive the Kettering Abstracts, we would like to bring the matter to the attention of those who may not be familiar with this service. The \$25.00 subscription price will bring quarterly issues of the Kettering Abstracts together with a binder and index.

If you wish to subscribe, please fill out the attached form and include your check for \$25.00.

Sincerely,

*J. F. Cole, Jr. DRL*Jerome F. Cole, Sc.D.
