Asbestos

Elkem electric furnaces 1,000's of #s
Thermal + electric

Don Seiler } involved for Constr group
Dick Wilson }

Use for roof insulation

Use of 4' x 5' x 3" pieces for furnace

I told him of our action since his call to TBB [last week before]
and that he + Seiler need to be sure Hutton is aware of
what they see to be the impact.

4/5/74

Contact Geo. Hutton re extensive use of asbestos
in ship construction, elect + thermal insulation
heat shields, back-up blocks, etc.

Garyotes much concerned about erection, installation
exposures, and we don't orgoing exposures
during operations maintenance.

GW H

Hutton aware of situation - no acceptable alternate
to his knowledge.

This relayed to TBB. He asked me to inform MOC and
I did. MOC to tell GW H we want documentation
of non-availability of alternatives.
