Dear Ms. Long:

We recently received approval for use of Vista ODC-210 on the UKCS. The most recent correspondence is attached.

A customer recently asked for our certificate of approval. Is there any other designation of approval available or is the attached note, and inclusion in the published approved list the only method?

Also, when will the next list be published? Thank you in advance for your cooperation.

Sincerely,

Thomas G. Grumbles, C.I.H.
Environmental Quality Manager
