Just a heads up that Trey informed me that, if we can logistically swing it, he'd like to make the farm visit. I can keep Tate posted tomorrow morning on the status of us being able to make it.

Tate,

Quick check in with you on Trey's talking points. Do you have updated #s for the stats you provided me a few weeks ago or are these still fairly accurate?

?□□□□□ And if the past seven months are any indication, this Agency is well on the way to getting Back to Basics.

- o Within the Administrator Pruitt's first 7 months at EPA, he's visited **nearly 25 states** and have met, or spoken directly to, **33 Governors**.
- o During state visits alone, he has visited **nearly 200 bipartisan interest groups** spanning agriculture, manufacturing & community groups (San Jacinto and East Chicago).
- o Many of these states were fly-over states that had been overlooked by the last Administration.

Thanks – Brandi
