

**Dutch Boy
Soft Paste
White-Lead**

Pure lead-in-oil broken up to shop-lead consistency and ready just as it comes in the keg for tinting and final thinning. Thins to paint in a few minutes.

**Dutch Boy
Wall Primer**

An oil primer for plaster walls and ceilings. Stops suction, seals fine cracks and makes a dependable foundation to paint upon.

**Dutch Boy
Liquid Lead**

Pure white-lead and linseed oil paint ready for use. Weighs 20 1/2 lbs. to the gallon.

**Dutch Boy
Flat Paint**

Pure white-lead and flattening oil in ready-to-use form. A flat paint of the highest grade. Weighs 24 lbs. to the gallon.

**Dutch Boy
Lined Oil**

Pure, clear, well settled linseed oil in sealed cans bearing the Dutch Boy trademark. Raw or boiled.

**Dutch Boy
Flattening Oil**

For thinning white-lead when flat effects are desired. Also an excellent glazing and bronzing liquid.

THE Dutch Boy trademark on any paint product is a guarantee of high quality and recognized merit.

Skilled painters constantly demand Dutch Boy products, knowing them to be absolutely dependable.
