Good afternoon Sue,

My name is Cheryl Woodward and I am here to assist you with the logistics. I have the instructions/directions to EPA below. Look forward to seeing you all tomorrow.

**Directions:** If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12<sup>th</sup> street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12<sup>th</sup> street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Looking forward to Friday, Sydney! What phone number should we use when we arrive for the meeting on Friday. The desk always wants a personal contact, and I imagine they're particularly scrupulous with a meeting with the Administrator.

Thanks so much.

We'd like to talk about opportunities for regulatory innovation and improvement. We're very active with the rest of the business community and with municipal government on ways EPA programs could become more efficient and closely aligned with statutory goals.

We're hoping we can be a resource for the Administrator, particularly in terms of ideas for ways to meet his goal of facilitating progress in working through the Superfund pipeline, sustaining some essential research and educational functions for RCRA, and improving the roll-out of recently promulgated air standards for municipal landfills.

We've been discussion these issues with some EPA staff and think they have real promise. We know how critical the Administrator's support would be for these continued discussions.

Waste Management has been fortunate to work with Administrator Pruitt at one of our innovative advanced biofuel sites at East Oak Landfill in Oklahoma, so we know he's familiar with the company. This would be a policy discussion about some key EPA programs.

If you need more, just let me know!

Thank you so much! I really appreciate the offer.

I realize how busy the Administrator is, so I'm totally flexible depending on his schedule. I'm in town, so I can respond to a time when it looks good on your side.

Any time from Thursday next week on would be good, if there potential openings that look likely.

Thanks again, and I'll look forward to hearing from you.
