Gentlemen:

Southern Asbestos is offering industry a new line of colorful asbestos products.

Cord, tape, rope and wick are now being offered in a bright array of colors. The Safety Clothing Industry has adopted blue and green for uses in garments and gloves.

Maintenance cloths are being offered in a high-visibility orange. All of these materials will help you meet OSHA requirements for safe, clean products. Our CLEANGARD* process "locks-in" the fibers.

We are constantly changing our materials and processes to meet the demands of this changing industry.

For more information, please return the enclosed card.

Very sincerely yours,

Alexander Smith
Vice President - Sales
