Mr. J. R. Sabina
TEL and Planning Manager
Organic Chemical Department
E.I. du Pont de Nemours and Company, Inc.
Wilmington 98, Delaware

Dear Jack:

I am sending to each of you and Mr. Diggs a copy of the final report of the California TML investigation. I shall be glad to send additional copies to either or both of you, or to any others in your Company who should be supplied, if you will advise me.

I'd like to get all of the copies of the original draft out of circulation, and I'd appreciate it, therefore, if you would see that the copies (or was it a single copy) which you received, are destroyed.

It has taken an unduly long time to get this job finished to the satisfaction of everyone concerned, but the initial draft served the purpose of shortening the period required for consideration of the facts, and I believe now the purpose of the investigation has been achieved satisfactorily.

If you or Don Diggs will suggest others outside your Company, who should receive copies of this report, I should appreciate your help in getting them properly distributed.

Sincerely yours,

Robert A. Kehoe, M. D.
