RE: Asbestos Management Services
Control Rooms
CAT Cracker and Gas Department

Dear Mr. King:

Please find attached a Proposal to provide asbestos management services for the removal of asbestos-containing materials in the CAT and Gas Department Control Rooms identified in the Asbestos Survey conducted by Technology Serving People, Inc. in June of 1990.

This Proposal is based on estimated man-hours to complete essential elements of the design specifications package and on-site project monitoring. A more detailed Scope of Work including Contractor Selection Process, Project Schedules, etc. is required to provide a more detailed proposal.

Technology Serving People appreciates the opportunity to submit this Proposal and is prepared to provide any asbestos management services Shell Oil Company requests. Should you have any questions, please contact me at (713) 621-9067.

Respectfully,

Bruce Peters
Environmental Project Manager
