Mr Eugene Bowler
Rock Brook Drive
Camden, ME 04843

Dear Mr. Bowler:

Thank you for your interest in Bird roofing products.

Bird Fiberglass shingles do not contain any asbestos dust or fibers in their construction. There is absolutely no asbestos present in any of our fiberglass shingles.

The major components in our fiberglass shingles are:

1. Asphalt coating
2. Rock dust
3. Fiberglass mat
4. Ceramic coated granules
5. Talc backing
6. "Wind Seal" adhesive dots

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Clifford J. Patenaude".
