Hi [REDACTED]

Looking forward to hearing about the work. We will also be able to share some details about the SAA-1000 sample we will be able to provide.

With best wishes,

[REDACTED]

Many thanks for everyone's quick replies. I can confirm that tomorrow at 15:15 seems to be ok for all of us.

We can talk about the sampling that is happening. (We will be happy to share the results.)

Catch up tomorrow

Kind Regards

**Subject:** RE: SAA-1000 reference sample

Hi [Redacted]

Sorry for taking so long to reply, life was interrupted by Covid and then some business travel.

I am available for a call/TEAMS on the following times:

Friday 25<sup>th</sup> between 14:00 and 16:00

Tuesday 29<sup>th</sup> between 13:00 and 17:00

Friday 2<sup>nd</sup> December between 11:00 and 15:30.

I would be interested in understanding more about the study you are doing and whether you would share the results with AGCCE?

With best wishes,

**AGC Chemicals Europe, Ltd.**

Dear [REDACTED]

Are you able to confirm whether it is possible for us to obtain a SAA-1000 reference sample?

Our fish sampling in the Wyre is complete so we would like to move to PFAS analysis of this material asap.

Happy to give you a call to discuss if that would be beneficial  
Kind Regards

Dear [REDACTED]

Apologies for the delay but are you still able to supply a reference sample of SAA-1000 for work that the EA is carrying out?

We are just completing some biota monitoring in Morecambe Bay which will be being analysed for a range of PFAS. The analysis will be carried out for us by CEFAS, with [REDACTED] as the chief scientist on the project. As such we would need the standard to be supplied to CEFAS for the purpose of this work. If you would like clarification of the analytical methodology that will be used, I can ask Jon to get in touch to confirm the analytical details.

I hope that this is ok but happy to give you a call to discuss if it would be helpful  
Kind regards

[REDACTED]  
Yes, AGC are able to supply samples

The contact name on the site is [REDACTED] and his email is [REDACTED]

He will also have details on the analytical method they use.

Kind regards  
[REDACTED]

Dear [REDACTED]

Apologies for delay in response. It is annual leave season so not everyone is available.

I can confirm that we can provide **reference sample of SAA-1000**. We would like **emphasize however that** analysing this type of substance is not always an easy task and requires some high level analytical capabilities. We are happy to provide technical support and advice if needed.

With best wishes,  
[REDACTED]

Good morning [REDACTED]

I hope you have had a good summer holiday.

Is the offer for a reference sample of SAA-1000 still open?

Kind regards  
[REDACTED]
