Re: No Further Action Concerning the Potential RCRA Violations at the JT Cade Maritime LTD facility located at 706 Kirby Street Lake Charles, LA 70601.

Dear Mr. Pauley:

I am writing to inform you that the Enforcement Compliance and Assurance Division of Region 6, United States Environmental Protection Agency ("EPA") inspection of the Port of Lake Charles on April 15, 2024, included a visit to your facility at 706 Kirby Street evaluating the potential for Resource Conservation and Recovery Act ("RCRA") violations. Based on the April 2024 inspections EPA has determined no further action is required.

As part of the inspection process your facility was issued and EPA identification number, referred to as an EPA ID#. That number is LAR000102533. This number was assigned as a way to document the inspection and no future action determination.

The inspection report can be viewed at <https://www.epa.gov/la/enforcement-and-compliance-assurance-documents-louisiana> within 70 days of the inspection. If you have any questions regarding this letter or the file review, please contact Claire Welton of my enforcement staff at either the above EPA address or by telephone at (214) 665-2250.

Sincerely yours,

Jeffrey Yurk, Manager
Waste Enforcement Branch
